

CargoMax™ *The Air Cargo Caster*

RWM's CargoMax™ is the strongest, most durable air cargo caster on the market. The CargoMax™ air cargo caster features an optional demountable foot guard built specifically for use on sorting decks. The foot guard prevents foot entry into the caster mounting hole and assists in providing a safer, more productive working environment on sortation decks.

MAIN FEATURES OF THE CARGOMAX

Precision Ball Bearing: All wheels and swivel raceways have precision ball bearings for better load distribution, strength in side thrust application, and ease of mobility.

Dust Shield, Water Guard & Thread Guard: Prevents wheel and swivel assembly from becoming contaminated

Capacity: 500 lbs.

Finish: Zinc plated to protect against corrosion

BENEFITS

CargoMax™ air cargo casters can take the heaviest blows from all types of cargo containers with the highest rated impact resistance in the industry. It outshines the competition in endurance with exclusive features such as three sealed precision bearings, protective guards, high-strength polymer wheels and a rivet-protecting water shield.
