◀ **Folded Upright Position**

▲ **8" Diameter Non-Marking Wheel**

Our Titan Bulk Delivery Truck saves time, space and money for all route delivery companies. The Titan BDT offers maximum maneuverability, zero turn radius and has a 1200 pound capacity. Heavy duty aluminum welded construction adds superior strength and durability for a long lasting product.

- Solid integrated deck
- Reduces storage space
- Aluminum is lighter than similar steel trucks and will not rust.
- Eliminates picking at delivery site
- Reduces driver fatigue
- Decreases check-in time
- Less product handling
- Increases accuracy for warehouse picking and pricing.

OPTIONS

- 6" Casters
- One Removable Handle
- Waterproof Nylon Cover
- Rigid Brake
- Powder Coated Handles in Black, Blue, Green or Red
